

The National Association of Independent Insurance Adjusters

We are reaching out to you as a service provider to the Insurance Claims Industry requesting you consider sponsoring our 2026 Eastern Regional Meeting for the NAIIA. The National Association of Independent Insurance Adjusters, the NAIIA, is organized because of a principle...that a successful industry requires independent professionals interested also in the welfare of their individual communities. Our member firms have been approved by insurance carriers for their competency and ethical procedures as demonstrated in the hundreds of communities in which they operate. These firms have exhibited their willingness and ability to meet the strict standards of this association.
